

Formulated For The Professionals

VT-268 / VT-268GG PU Foam

Polyurethane Foam

VT-268 PU Foam is a one-component, moisture-cure Polyurethane Foam formulated for general-purpose applications like sealing, filling, mounting, insulating and soundproofing in concrete, plaster, brick, floorboard, most plastics, metal, glass or wood. It features good expansion yield, non-sagging, and contains only ozone-friendly propellant (CFC-Free). It is mouldproof, water and ageing resistant, and provides good thermal and acoustic insulation.

Applications:

Ideal for installation of door and window frames, filling irregular holes or awkward gaps, heat insulation of central heating systems, and insulating wall panels. Suitable to be used on various construction materials (concrete, brick, most plastics, metal, glass, woods, etc.).

Available colour: Light yellow

Item Code	Content	Carton Quantity
VT-268 (Straw Grade)	750 ml Can	12 / Carton
VT-268GG (Gun Grade)	750 ml Can	12 / Carton
