

VT-142 Vital Steel Epoxy

Epoxy Adhesive

A paste of general purpose epoxy adhesive with longer working time to fill gaps and surface repairs for larger assemblies.

Suitable for bonding metal, wood, plastic, china, ceramics, tools, and glassware.

Not suitable for bonding of polyethylene, polypropylene, PTFE and other flexible materials.

Features:

- 100% solid, no solvents
- Longer working time
- Non-shrinking
- Good resistance against solvents and common automotive oils

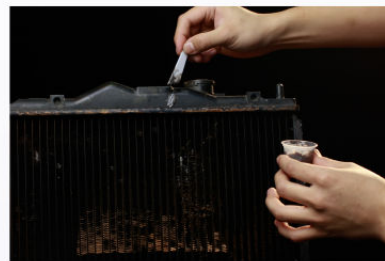

Properties:

- 1:1 Mixing ratio by weight
- 20 minutes working time
- Dark grey cured color
- 2 hours to handling strength
- 24 hours to full strength
